Anton Booyse
Managing Director
RemoteNet
SOUTH AFRICA

Dear Mr. Booyse,

IMPLEMENTATION OF AN IT SYSTEM FOR THE NTF

The above subject bears reference.

This letter serves to highlight appreciation for the relationship that the Namibia Training Authority (NTA) and RemoteNet have established over the past couple of years, with regards to the development and implementation of the Vocational Education and Training Management Information System (VETMIS). In particular, the National Training Fund (NTF) modules that have been developed have eased the work pressure and ensured that the NTF department can deliver services to our constituencies effectively and efficiently. The modules have ensured that we can account for VET Levies collected and the disbursement thereof.

We thank you for the support provided and look forward to a continued fruitful relationship.

Yours Sincerely,

Joseph Mukendwa
General Manager: NTF
